## Personal Briefing

I am a senior hairdresser with extensive experience in European and Asian male and female haircutting and styling, hair and makeup and up-styling.

I am a full member of PICA (Philippine International Cosmetologists Association) and have the TESDA National Certificate II in Hairdressing, and the related NCII certificates for assessment of hairdressers and training of hairdressers. These certificates are awarded by TESDA (the Technical Education and Skills Development Agency, a branch of the Philippines Department of Labour and Employment) after training and assessment.

I was recently invited to participate in the L`Oreal Hair and Makeup Show held at Makati Shangri-La hotel and hosted by Shunji Matsuo, where my work was judged in high regard.
